

Whether your student needs to **close learning gaps** or just get a **jump-start** on the next school year's material Omega Learning can help. Our **Grade-Level Readiness** and **Course Readiness** Summer Bridge Programs are designed to position your student to succeed in the coming school year.

## Grade-Level Readiness

Omega Learning® Center's Grade-Level Readiness program primarily targets **elementary students** who will be advancing a grade level in the fall. Leveraging Omega Learning® Center's benchmark-driven OutpAce® curriculum, Omega's certified teachers will work with your elementary student to identify and close learning gaps in reading, writing and math.

## Course Readiness

**Middle and High School students** moving on to a next-level course in the fall will be expected to apply skills they should have mastered this school year. Omega Learning® Center's deep subject matter expertise and individualized approach to teaching will help your student close any knowledge gaps. Our instructors will also preview material your student will be seeing in the upcoming school year.
